

TO THE GOVERNMENT OF ISRAEL:

As Jews deeply committed to the welfare of Israel and the advent of peace in the Middle East, we the undersigned hereby protest the Israeli government's policy of civilian settlement in the West Bank and the Gaza Strip. Civilian settlement in these areas prejudices the chances for peace and ignores the national rights of the Palestinian people. We call upon the Israeli government to pursue a policy which will encourage the emergence of a non-belligerent Palestinian state on the West Bank and the Gaza Strip.

As Jews deeply committed to the welfare of Israel and the advent of peace in the Middle East, we the undersigned hereby protest the Israeli government's policy of civilian settlement in the West Bank and the Gaza Strip. Civilian settlement in these areas prejudices the chances for peace and ignores the national rights of the Palestinian people. We call upon the Israeli government to pursue a policy which will encourage the emergence of a non-belligerent Palestinian state on the West Bank and the Gaza Strip.
