Statement of Purpose

The enclosed petition urges the Government of Israel to refrain from settling Jewish civilians in the West Bank and the Gaza Strip. This petition has been circulated and signed by hundreds of Zionist Jews in fifteen countries. Signatories include active, and in very many cases leading, members of organizations dedicated to the support of the State of Israel and the defense of her interests in the Diaspora. We feel that it is important for Israel's leadership to realize the concern which members of such groups as the United Jewish Appeal, American Jewish Congress, American Zionist Youth Foundation, Bnai Brith, Hadassah, the Student Zionist Organization, etc. have over the consequences of Jewish civilian settlement in the West Bank and the Gaza Strip.*

We Jews, young and old, Rabbis and laymen, fund-raisers and teachers, are united in our profound commitment to the strength and permanency of Israel. We are determined to contribute to the future of Israel through financial, political, and moral support as well as aliyah (immigration). To us this support includes the responsibility of articulating our considered opinions on issues of major importance to Israel and the world Jewish community. We are confident that our opinions will be accepted by the Government of Israel in the same spirit of respect with which they are offered.

In the last 6 months the debate in Israel over the future of the West Bank and the Gaza Strip has intensified. We are glad to add our voices to the many, including Cabinet ministers and other high officials, who have expressed the same concern for the future of Israel and the rights of the Palestinian People that is contained in this petition. They argue that populating these areas with civilians is contrary to the best interests of the State of Israel. It creates a situation which could prevent the Government from taking important steps in future which would contribute to the achievement of a secure and just peace. Thus by making de facto annexation more likely, civilian settlement in these areas raises the specter of a Jewish state containing a frustrated and rapidly increasing Arab minority of thirty to forty per cent.

* The names of the organizations are included for the purpose of identification only.

PRESS RELEASE

SUBJECT: Jewish petition protesting the settlement of Israeli civilians
in the West Bank and the Gaza Strip; supports idea of Palestinian state
FROM: Organizers of the petition drive (see accompanying statement)
FOR IMMEDIATE RELEASE

A petition protesting the settlement of Jewish civilians in certain of the territories occupied by Israel in the Six Day War was presented (yesterday) May 17, to the government of Israel at Israeli consulates in San Francisco and Boston. The petition, which bears the names of more than 350 Jews from many leading Zionist organizations in fifteen countries and seventeen states, was presented to the consul generals by organizers of the petition drive. The campaign was begun late last year by a group of Jewish students in Berkeley, California.

The text of the petition reads as follows:

AS JEWS DEEPLY COMMITTED TO THE WELFARE OF ISRAEL AND THE ADVENT OF PEACE IN THE MIDDLE EAST, WE THE UNDERSIGNED HEREBY PROTEST THE ISRAELI GOVERNMENT'S POLICY OF CIVILIAN SETTLEMENT IN THE WEST BANK AND THE GAZA STRIP. CIVILIAN SETTLEMENT IN THESE AREAS PREJUDICES THE CHANCES FOR PEACE AND IGNORES THE NATIONAL RIGHTS OF THE PALESTINIAN PEOPLE. WE CALL UPON THE ISRAELI GOVERNMENT TO PURSUE A POLICY WHICH WILL ENCOURAGE THE EMERGENCE OF A NON-BELLIGERENT PALESTINIAN STATE ON THE WEST BANK AND THE GAZA STRIP.

A statement accompanying the petition emphasized that the petition campaign developed out of a "profound commitment" to the strength and permanency of Israel." The student organizers, who have all been active in Zionist organizations, describe the petition as an expression of Jewish concern that settlement in the West Bank and the Gaza Strip could lead to de facto annexation of these territories.
